### **KWETU Training Centre for Sustainable Development**

is a grassroots Non-Governmental Organization funded in 1997, located about 7 km from Mtwapa town, along Mtwapa Creek in Mtomondoni Village in the Coast Province of Kenya. Kwetu envisages a poverty free community living in a safe and healthy environment. Its mission is being implemented in the entire Coast Province through initiatives that empower communities to embrace innovative strategies for livelihoods enhancement, natural resources management and climate change mitigation as well as safeguard to human rights and dignity.

**The realization of the overall goal of Kwetu is underpinned on three strategic goals:**

- Diversified and sustainable community livelihood bases,
- A healthy environment and better managed natural resources,
- A community with capacity to drive its own development.
